Vallaris to bloom at Setia Eco Gardens in Johor

JOHOR BARU: S P Setia Bhd is set to launch the Vallaris eco homes collection this weekend at its award-winning location, Setia Eco Gardens located strategically nearby the Singapore Second Link Expressway. With nearly 14% of the land area in Setia Eco Gardens reserved as green zones, the Vallaris eco-homes will be surrounded by lush greenery and is located within a tranquil, idyllic rainforest setting.

"We are looking forward to the launch of Vallaris as we have been receiving many enquiries since the start of the year for the double-storey terrace eco-homes. We hope to

emulate the success that we have over the weekend with Elata Nova at Setia Tropika which was well-received by home purchasers," said Zulfakar Abdullah, general manager of S P Setia (property south).

According to Zulfakar, the unit selection process will be open to purchasers at the preview this weekend with a special early bird discount made available to the first 50 homebuyers. There are 188 units of 20" x 70" homes with a built-up of 1,801 sq ft under the Vallaris collection. Located in the Eco Village 2 precinct, the units are priced from RM649,000 onwards.
