# Isle of Kamares - 'The Island Of Garden' ~ envisioned by Team Setia

Majestic living in the elegance & splendour of the "Isle In The City"

Text: Simon Loh

unit is a corner unit; each block comes with a dedicated passenger lift. Also, every block has its very own courtyard, towards the breathtaking backgarden and wonderful waterway. There is also a residential clubhouse which forms the apex of this posh and prestigious residential development. Covering a total land mass or built-up space of 1.02 acres, with a GFA (ground floor area) of approx. 23,000 sq.ft., this iconic infrastructure provides for various activities and numerous facilities such as a jumbo-size (12m x 25m) swimming pool with six lap pools, a standard Jacuzzi, a water play-ground, an outdoor pooldeck, a multipurpose hall, a gymnasium room, a dancing & yoga room,

**I**isle of Kamares, situated at the southern part of Setia Eco Glades, is one of the most privileged glades among the islands. It oozes warmth and timeless charm of Mediterranean architecture that exudes an air of elegance, serenity and tranquility. Abundant waterways are reminiscent of the European canals and they provide a visually as well as environmentally cooling effect. Its essence of Mediterranean architecture adds pride and dignity to the region – the heart and soul of Setia's Eco Glades at Cyberjaya. Built on an area roughly 13.69 acres with a total GDV (gross development value) in the region of RM242 million, these island-villa concept suites comprise 240 units of luxury apartment blocks; namely Type A – AGALIA of Isle of Kamares (1,521 sq.ft.) and Type B – Harmonia of Isle of Kamares (1,414 sq.ft.). Launch date selling price starts from RM 854,205 after Setia 40th Anniversary Triple A+ Rewards fair and fiesta.

Isle of Kamares consists of an exclusive low-rise apartment, resembling a resort villa environment. These typical gated & guarded "island villas" consist of 20 blocks of 3-storeys; 12 units per block and 4 units per floor. Each
